Attendees:
Levinson, Dominguez-Garcia, Basar, Dallesasse, Srikant,   Makela,

The meeting was called to order at 11:06 AM

The minutes of 4/5/13 were approved with revisions.

The chair reported that there will not be a new section of ECE313 in Fall 2013. Ravi Iyer will prepare an application for a 498 course on the topic of monitoring and measuring the performance of computer systems. Iyer and Hajek will present this application to the committee.

There was a discussion of the ECE faculty meeting of 4/11/13. There was a consensus that the meeting accomplished its purpose. The objections to the CompE proposal were carefully made and there was little response in its defense. It was suggested that room could be made in the CompE curriculum to reintroduce 329 and 340 by scaling back the hours of 110 and 190. It was also noted that the CompE portion of the 28 required hours of tech electives be specified. Also the advanced core in the CompE curriculum should be detailed on-line during the two-week discussion period.

The meeting was adjourned at 11:30 AM.

These minutes drafted by S. E. Levinson, Apr. 15, 2013; revised Apr. 19, 2013.
