Attendees:

Levinson, Kudeki, Basar, Dallesasse, Coleman, Dominguez-Garcia, Raginsky, Lumetta, Hutchinson, Makela, Mitra, Smaragdis, Vaidya

The meeting was called to order at 11:07 AM

The chair will review ECE290 and 391 to determine whether or not changes in the prerequisites are necessary as a result of the new CS233.

The proposal for ECE198DW was reviewed and approved. It was noted that some minor changes will be required when the course is considered for permanent status.

There will be two more course proposals to review from Vaidya and Lumetta. The chair has been asked to check with Laurie Fisher for any remaining 198 – 498 proposals.

The chair announced that preparations are underway for meetings between representatives of the CompE, Physical Electronics and Electromagnetics technical area committees to discuss the proposed CompE curriculum proposal. Bill Sanders and Wen-mei Hwu have been asked to be the representatives of CompE. These meetings will precede a full ECE faculty meeting on the proposal.

Lumetta distributed a spread sheet indicating the changes that will be needed in order to teach the introductory CompE course sequence. This will become a future agenda item and will require careful consideration in the way courses with large enrollments will be arranged.

The meeting was adjourned at 11:45 AM.
