### **Minutes of the Curriculum Committee December 11, 2003**

- 1) Members present: Jennifer Bernhard, Donna Brown, Seth Hutchinson, Wen-Mei Hwu, Dilip Sarwate, Bruce Wheeler
- 2) The minutes of November 20, 2003 meeting were approved.
- 3) Area Committee responses to the proposed math requirement revisions were discussed. It was agreed to proceed with the proposed revisions.
- 4) It was decided that Donna Brown, Sanjay Patel, and Tim Trick will get together to discuss possible modifications to ECE 110, 190, and 290 to reduce the overlaps between these courses. A fine tuning of this nature is needed particularly because ECE 190 will become a required course for CompE majors under the new CompE curriculum (assuming that it is approved).
- 5) Seth Hutchinson will provide the CC with a revised and abridged version of the CompE proposal to be distributed to the Area Committees.
- 6) Simplification of EE Technical Electives and 3-out-of-5 rule were discussed. Also a discussion of pros and cons of "advanced sequences" took place. Discussions will continue in future meetings of the committee.
